

In **English**, we will be reading 'Lost and Found'. We will be finding out facts and information about penguins and the South Pole. We will then write our own leaflets towards the end of the term.

This term in **Geography** we will be learning about farms and where our food comes from. We will use compass directions to navigate and compare living on a farm to living in a city like Lincoln.

In **Religious Education**, we will be learning about Islam.

In **KS1**, our theme this term in **PSHE** will be 'Drugs, Alcohol and Tobacco Education'. In **Year 1** we will be learning how to keep ourselves safe around products and medicines in the home.

In **Year 2** we will be learning what medicines are, why they are used, where they come from and how we can keep safe when taking them.

In **Spanish**, we will be learning how to talk about our families and to have a conversation.

## KS1 Summer 2 From Field to Fork

### Important Information:

Homework is set on a Friday via Teams and is to be handed in by Wednesday. It is essential that your child's **reading book and record** is in school **every day**. We ask that your child reads at least 5 times a week and class rewards are in place to encourage this.

Miss Hall's PE lessons are on a **Tuesday and Friday**.

Miss Pavier's PE lessons are on a **Tuesday and Wednesday**.

Miss Daubney's PE lessons are on a **Monday and Tuesday**.

Please ensure that your child has the **appropriate P.E. clothing for indoor and outdoor P.E.** and that these are in school all week. Please label all clothing!

### *The KS1 Team*

This term in **Maths**, Year 1 will learn about numbers to 100, telling the time and values of money.

This term in **Maths**, Year 2 will learn about the properties of 2D and 3D shapes and how to describe different movements. We will also look at how to measure weight, volume and temperature.

This term in **Physical Education**, we will be practising our throwing, catching, running and balancing skills in preparation for sports day.

This term in **Science**, our focus is plants. We are looking at different types of plants that we might see growing in different places and how we can identify them. We are also investigating what plants need to grow and how plants change as they grow.

In **DT** we will be learning about food. We will be mastering practical skills in food preparation and we will be designing, making, evaluating and improving our own pizzas.

In **Computing**, we will explore the program ScratchJr where we will learn how to program a sprite to move using different algorithms.

In **Music**, our focus is exploring sounds. We will be looking at how we can use our voices and bodies to make sounds.
