

In **English**, we will be reading and writing:

Poetry
Newspaper Reports

Mercia News
**Viking invasion
in Saxilby**

In **History** will learn about the Viking invasion of Britain and the rule of Alfred the Great. We will use a range of sources of evidence to investigate the impact the Vikings had on

In **Religious Education**, our religious focus will be Buddhism. We will learn that Buddhists believe life is a journey to Nirvana and we will identify key Buddha symbols.

In **Music** we will develop our skills using percussion instruments to perform our class poems.

In **PSHE**, we will build upon our knowledge of our own physical health and wellbeing.

In **Spanish**, we will be learning to talk and write about Spanish families and conversation.

LKS2 Summer 1 Curriculum Bulletin Eurovision

Welcome back! We are so excited to start a new academic term. We have lots of exciting learning lined up this term.

Important Information:

Homework is set on a Friday via Teams and is to be turned in by Wednesday. It is essential that your child's reading book and record is in school **every day**. We ask that your child reads at least 5 times a week and logs on to Times Table Rock Stars on a regular basis to sustain fluency. Please talk to your child's class teacher if you would like a copy of their log on details for Teams or TTRS.

A polite reminder, especially with the warmer weather, that your child will require a water bottle within school. There are no water fountains, however there are plenty of cold water taps to refill bottles throughout the day.

LKS2 Team

This term in **Maths**, Year 3 will be learning about:

- Fractions
- Time

Year 4 will be learning about:

- Fractions/ Decimals
- Money

UK Money

In **Physical Education**, we will be developing our striking skills in Cricket and our running, jumping and throwing techniques in Athletics. Children will need to have indoor and outdoor kit in school every day (including footwear).

In **Science**, we will have a Biology focus of eating and digestion. We will learn about how humans eat and digest food. We will look at the different types of teeth and what they are used for, before exploring the digestive system. We will also explore food chains and how the place in the food chain allows it to be classified as producers, predators and prey.

TYPES OF HUMAN TEETH

In **Computing**, we will develop our knowledge of Branching databases.

In **Art** we will be creating pieces of work in the style of illustrators. Year 3 will be studying Peter H Reynolds and Year 4 will be learning about Bethan Woollvin and her unique colour palette.
